Work Experience

- ***Work Experience / Internship at Harvey Norman***
  1 week with the following teams, gaining exposure to technical processes, working environments and business practices.

  - ***Service Desk:*** *Learned ticket triage, quickly distinguishing simple requests from specialist issues to minimise user wait times.*

  - ***End User Services:*** *Followed the full device deployment lifecycle, including imaging, software deployment, account linking and asset registration to produce policy-compliant machines.*

  - ***Incident Management:*** *Studied contingency and disaster recovery planning, including a real case study of a Harvey Norman data centre flood and its impact on hundreds of users.*

  - ***IT Security:*** *Observed the first 30 minutes of incident response and how penetration testing is used to identify risks and limit potential damage.*

  - ***Server Team:*** *Learned end-to-end server lifecycle management, including provisioning, patching, backups, decommissioning and use of virtual servers.*

- ***2025 Logistics Assistant (Pick Packer) at David Jones***
  4 months Limited Tenure
  - Picking & Packing
  - Inventory Control
  - Quality Assurance Standards
  - Workplace Safety Procedures
  - Collaboration in a Team
